REFLECTION

JUNE – DECEMBER 2026

ISSUE 33

INSIDE THIS ISSUE:

Class Toppers	2,3,4
Dept. Events Days	5, 6
Student Workshops	7, 8
Guest Lectures	9
Students Achievements	9,10
Center of Excellence	10
Staff Achievements	11
Staff Workshops /FDP	12,13,14
Staff Publications	15,16

A newsletter of Department of Computer Engineering

Message From Head Of TheDepartment

It gives me great pleasure to present the Reflection Issue of the Department of Computer Engineering newsletter for Academic Year 2025-26, Semester I. This issue encapsulates the collective academic, research, and co-curricular efforts of our students and faculty during a dynamic and productive semester. Throughout the semester, the department demonstrated a strong commitment to academic excellence, outcome-based education, and experiential learning. Students actively participated in project-based learning, technical events, internships, research activities, and professional development initiatives. Faculty members consistently contributed through innovative teaching practices, scholarly work, and academic mentoring, thereby strengthening the overall learning ecosystem of the department. The achievements and activities documented in this newsletter stand as a testament to the perseverance, adaptability, and collaborative spirit of our department. I sincerely appreciate the dedication shown by our students, faculty, and staff in maintaining high academic standards while embracing emerging technologies and industry-relevant skills. I congratulate the editorial team for thoughtfully compiling this reflection of our journey and thank all stakeholders for their continued support.

Dr. (Mrs.) N. F. Shaikh

Message From the Editor

We are presenting you with the thirty first issue of our newsletter "Reflection". Our intention is to put out two issues per year, one at the end of May and the other at the end of December. The success of this newsletter depends on your response. I would appreciate your feedback.

Dr(Mrs) S. S. Raskar
Prof. J. A. Kalbhor

"Knowledge grows when it is shared with others"

HEAD OF DEPARTMENT'S MESSAGE

From the Desk of the Head of Department

Dr. (Mrs.) N. F. Shaikh

Head of Department, Computer Engineering

Message from the Head of the Department

It gives me great pleasure to present Reflection, the newsletter of the Department of Computer Engineering for the first semester of Academic Year 2025–26. This issue captures the collective academic, research and co-curricular efforts of our students and faculty.

Throughout the semester, the department demonstrated a strong commitment to academic excellence, outcome-based education and experiential learning. Students actively participated in project-based learning, technical events, internships, research activities and professional development initiatives.

Faculty members contributed through innovative teaching practices, scholarly work and academic mentoring, strengthening the department's learning environment. The achievements documented in this newsletter reflect the perseverance, adaptability and collaborative spirit of our department.

I congratulate the editorial team for compiling this reflection of our journey and thank all stakeholders for their continued support.

Dr. (Mrs.) N. F. Shaikh Head of Department

Industrial Visit to Persistent Systems, Pune

12 March 2026 Persistent Systems Ltd., Pune

TE and BE students visited Persistent Systems to gain hands-on exposure to agile software development practices, DevOps pipelines, and cloud infrastructure management.

Engineering a Life in Harmony

22 August 2025 college

The department organized a one-day Universal Human Values and Professional Ethics workshop titled “Engineering a Life in Harmony.” The session focused on moral values, ethical behaviour, self-awareness and social harmony. Students explored the importance of balancing personal growth with professional responsibilities.

Engineering a Life in Harmony

An investment in knowledge pays the best interest. — Benjamin Franklin

Workshop on Ethical Hacking and Penetration Testing

18–19 April 2026 Speaker: Mr. Vivek Ranade

A two-day hands-on workshop covering fundamental and advanced concepts of ethical hacking, vulnerability assessment, and penetration testing using industry-standard tools like Metasploit, Burp Suite, and Wireshark.

Smart India Internal Hackathon 2025

25 September 2025 Speaker: Mr. Ashay Sant, Siemens PLM Software, Pune

The college organized its internal hackathon on 25 September 2025 to encourage innovation, teamwork and practical problem-solving. Students developed prototypes and software solutions to address real-world challenges. Faculty members and industry experts evaluated projects on innovation, feasibility, implementation and presentation.

Generative AI: Opportunities and Challenges for the Engineering Workforce

5 March 2026 Speaker: Dr. Prashant Borkar

Dr. Borkar delivered an insightful talk on the transformative impact of Generative AI on the engineering profession, covering LLMs, multimodal AI, and emerging career pathways.

Community Engagement through Volunteering

Speaker: Ms. Divya Dixit

The lecture highlighted volunteering, community engagement, empathy and social responsibility.
