Reflection

Issue 33

Knowledge grows when it is shared with others

June – December 2026

2026-27

HEAD OF DEPARTMENT'S MESSAGE

From the Desk of the Head of Department

Dr. (Mrs.) N. F. Shaikh
Head of Department, Computer Engineering

Message from the Head of the Department

It gives me great pleasure to present Reflection, the newsletter of the Department of Computer Engineering for the first semester of Academic Year 2025–26. This issue captures the collective academic, research and co-curricular efforts of our students and faculty.

Throughout the semester, the department demonstrated a strong commitment to academic excellence, outcome-based education and experiential learning. Students actively participated in project-based learning, technical events, internships, research activities and professional development initiatives.

Faculty members contributed through innovative teaching practices, scholarly work and academic mentoring, strengthening the department's learning environment. The achievements documented in this newsletter reflect the perseverance, adaptability and collaborative spirit of our department.

I congratulate the editorial team for compiling this reflection of our journey and thank all stakeholders for their continued support.

DEPARTMENT EVENTS

Department Technical & Academic Events

Fostering Innovation, Collaboration & Student Leadership

12 MARCH 2026

Persistent Systems Ltd., Pune

Industrial Visit to Persistent Systems, Pune

Organized by: **Prof. R. K. Joshi**

TE and BE students visited Persistent Systems to gain hands-on exposure to agile software development practices, DevOps pipelines, and cloud infrastructure management.

22 AUGUST 2025

college

Engineering a Life in Harmony

Organized by: **Department of Computer Engineering**

The department organized a one-day Universal Human Values and Professional Ethics workshop titled “Engineering a Life in Harmony.” The session focused on moral values, ethical behaviour, self-awareness and social harmony. Students explored the importance of balancing personal growth with professional responsibilities.

Engineering a Life in Harmony

STUDENT WORKSHOPS

Hands-on Technical Workshops

Skill Enhancement & Emerging Technology Bootcamps

18–19 APRIL 2026

Audience: TE & BE

68 Attended

Workshop on Ethical Hacking and Penetration Testing

Speaker: Mr. Vivek Ranade

A two-day hands-on workshop covering fundamental and advanced concepts of ethical hacking, vulnerability assessment, and penetration testing using industry-standard tools like Metasploit, Burp Suite, and Wireshark.

25 SEPTEMBER 2025

Smart India Internal Hackathon 2025

Speaker: Mr. Ashay Sant, Siemens PLM Software, Pune

The college organized its internal hackathon on 25 September 2025 to encourage innovation, teamwork and practical problem-solving. Students developed prototypes and software solutions to address real-world challenges. Faculty members and industry experts evaluated projects on innovation, feasibility, implementation and presentation.

GUEST LECTURES

Distinguished Guest Lectures

Insights from Global Technology Leaders & Researchers

5 MARCH 2026

Seminar Hall, MES Wadia COE

Generative AI: Opportunities and Challenges for the Engineering Workforce

Distinguished Speaker: **Dr. Prashant Borkar** (Principal Research Scientist, Microsoft Research India, Bengaluru)

Dr. Borkar delivered an insightful talk on the transformative impact of Generative AI on the engineering profession, covering LLMs, multimodal AI, and emerging career pathways.

Community Engagement through Volunteering

Distinguished Speaker: **Ms. Divya Dixit**

The lecture highlighted volunteering, community engagement, empathy and social responsibility.

CENTRE OF EXCELLENCE

Centre of Excellence in AI & Cloud Computing

Industry Partner: IBM India Pvt. Ltd. · Established 2022-08-15

> *"Empowering tomorrow's engineers with industry-ready skills"*

image1

ABOUT THE CENTRE

The Department of Computer Engineering at MES Wadia College of Engineering, Pune, inaugurated its Centre of Excellence in Extended Reality on 30 July 2025 in collaboration with FireBirdVR.

🎯 Vision

To achieve international recognition in emerging computing architectures and spatial intelligence.

🚀 Mission

Equip engineering students with cutting-edge industry competencies, research publications, and patented innovations.

CENTRE OF EXCELLENCE

CoE Activities, Research & Student Projects

Applied Spatial Computing, VR Simulations & Student Capstones

Key Activities & Certifications

The centre focuses on integrating Virtual Reality (VR), Augmented Reality (AR) and Mixed Reality (MR) into education, skill development and industry collaboration.

Achievements & Grants

It aims to foster creativity, promote hands-on learning and empower students with immersive technologies. The centre provides an environment where students can explore emerging applications, develop practical skills and connect academic learning with industry requirements.

FACULTY DISTINCTION

Faculty Excellence & Academic Distinction

Recognizing Patents, Doctoral Concurrences & Professional Honors

RESEARCH PUBLICATION

Dr. N. F. Shaikh

Federated Learning in IoT Edge Networks

IEEE Access · August 2025

Published in IEEE Access (Impact Factor: 3.9), exploring privacy-preserving FL for heterogeneous IoT environments.

PATENT GRANTED

Prof. R. K. Joshi

Smart Irrigation System using ML — Indian Patent No. 2026/IN/01234

Patent Office of India · March 2026

AWARD & RECOGNITION

Dr. (Mrs.) S. K. Wagh

AICTE-ATAL Faculty Development Program

Dr. Sharmila Wagh served as a resource person for an AICTE-ATAL Faculty Development Program on “Machine Learning Fundamentals: Building Your AI Skills” in December 2025.
